Appendix: Financial results for the three months ended June 30, 2014 supplementary information

Sumitomo Mitsui Financial Group, Inc. (“SMFG”) reports the financial results for the three months ended June 30, 2014.

1. Operating results

In the three months ended June 30, 2014, gross profit decreased by ¥76.7 billion year-on-year to ¥708.6 billion. This was mainly due to a decrease in profit of SMBC Nikko Securities, Inc. and SMBC Friend Securities Co., Ltd. impacted by a slow growth in income from investment trusts sales and equity commissions, and a decrease in trading income of Sumitomo Mitsui Banking Corporation (“SMBC”) which had demonstrated good performance in the previous fiscal year.

General and administrative expenses increased by ¥6.5 billion year-on-year to ¥397.9 billion, due mainly to expenditures by SMBC aimed at strengthening its overseas business platform.

Total credit cost decreased by ¥17.1 billion year-on-year to a net reversal of ¥25.2 billion. This was mainly due to our individualized efforts to assist certain borrowers to improve their business and financial conditions.

Gains on stocks were ¥32.7 billion, a decrease of ¥23.4 billion year-on-year, mainly due to a decrease in gains from sales of stocks.

Finally, ordinary profit decreased by ¥91.9 billion year-on-year to ¥367.4 billion, and net income decreased by ¥57.5 billion year-on-year to ¥230.8 billion.

3. Earnings forecasts

The consolidated earnings forecast announced on May 14, 2014 remains unchanged.

4. Others

(1) Changes in accounting policies due to application of new or revised accounting standards

Accounting Standard for Retirement Benefits and related guidance

SMFG has adopted Paragraph 35 of “Accounting Standard for Retirement Benefits” (ASBJ Statement No. 26 issued on May 17, 2012, “Accounting Standard”) and Paragraph 67 of “Guidance on Accounting Standard for Retirement Benefits” (ASBJ Guidance No. 25 issued on May 17, 2012, “Guidance”) from the beginning of the three months ended June 30, 2014. Accordingly, SMFG has reviewed its calculation methods for the projected benefit obligation and service cost, and changed the method for attributing the expected benefit to periods of service from a straight-line basis to a benefit formula basis.

The Accounting Standard and Guidance are applied in accordance with the transitional treatment stipulated in Paragraph 37 of the Accounting Standard. The effect, arising from the change in calculation method for the projected benefit obligation and service cost, is reflected in retained earnings as of the beginning of the three months ended June 30, 2014.

As a result, net defined benefit asset increased by ¥49,052 million, net defined benefit liability decreased by ¥3,646 million and retained earnings increased by ¥35,459 million as of the beginning of the three months ended June 30, 2014. The effect of these changes on profit and loss for the three months ended June 30, 2014 is considered to be immaterial.

(2) Changes in accounting policies due to reasons other than above (1)

Revision of Accounting Standard for Business Combinations and related rules

“Accounting Standard for Business Combinations” (ASBJ Statement No. 21), “Accounting Standard for Consolidated Financial Statements” (ASBJ Statement No. 22), “Accounting Standard for Business Divestitures” (ASBJ Statement No. 7) and other related standards and implementation guidance were revised on September 13, 2013, and became effective from fiscal years beginning on or after April 1, 2014. SMFG has prospectively adopted these revised accounting standards and implementation guidance from the beginning of the three months ended June 30, 2014 (excluding the provisions defined in Paragraph 39 of Accounting Standard for Consolidated Financial Statements), in accordance with the transitional treatment set forth in Paragraph 58-2 (4) of Accounting Standard for Business Combinations, Paragraph 44-5 (4) of Accounting Standard for Consolidated Financial Statements, and Paragraph 57-4 (4) of Accounting Standard for Business Divestitures.

In accordance with these revisions, SMFG’s accounting policies have been changed as follows:

- the difference arising from a change in SMFG’s ownership interest in a subsidiary over which SMFG continues to have control is recognized in capital surplus, and acquisition costs are expensed in the period incurred, and
- for a business combination occurring on or after April 1, 2014, an adjustment to the provisional amount arising from the finalization of the tentative accounting treatment relating to the purchase price allocation is retrospectively recognized in the quarterly consolidated financial statements for the accounting period in which the combination occurs.

The effect of these changes on profit and loss for the three months ended June 30, 2014 is considered to be immaterial.

3. Other securities and other money held in trust are measured at market prices. Unrealized gains (losses) indicate the difference between the acquisition costs (or amortized costs) and the balance sheet amounts. Net unrealized gains (losses) on other securities include gains or losses which are recognized in the statements of income by applying fair value hedge accounting and not recorded directly to net assets, accordingly. The amounts as of June 30, 2014 and March 31, 2014, are gains of 17.4 billion yen and 17.0 billion yen, respectively, in the statements of income.
4. Floating-rate Japanese government bonds which SMBC held as other securities are carried on the balance sheet at their reasonably estimated amounts in accordance with the "Practical Solution on Measurement of Fair Value of Financial Assets" (Accounting Standard Board of Japan Practical Issues Task Force No. 25).
