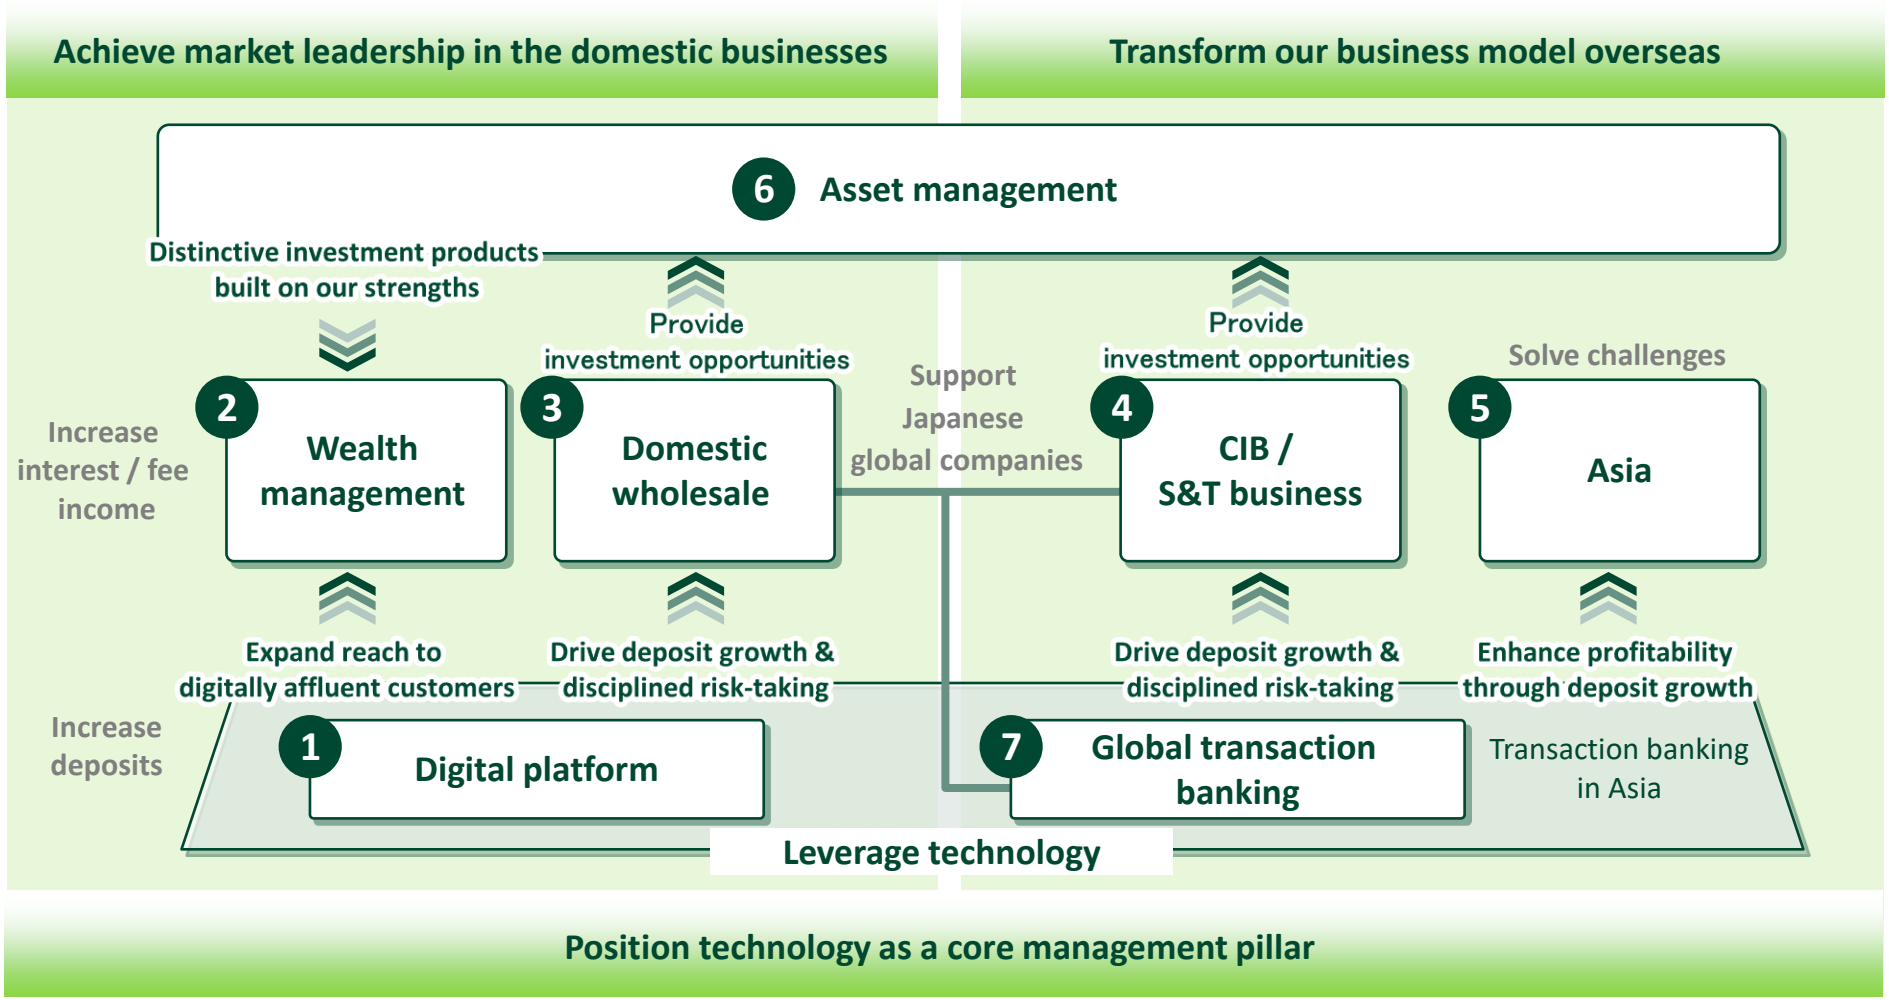
Seven Key Strategic Areas

Focus on seven key strategic areas to build the targeted business portfolio.

Evolve the business model by expanding our customer base, enhancing earnings power, and generating synergies.



Copyright © 2026 Sumitomo Mitsui Financial Group.
All Rights Reserved.

Review of Progress

■ Initiatives and results

- Increased active investment ratio to approx. 90% and maintained a high management fee rate by accelerating our active investment strategy.
- Established an investment value chain centered on SGIC.
- Entered a private asset business on a global base to differentiate our business model.

Growing demand for investment has driven strong sales of investment products, with AUM reaching a record high.

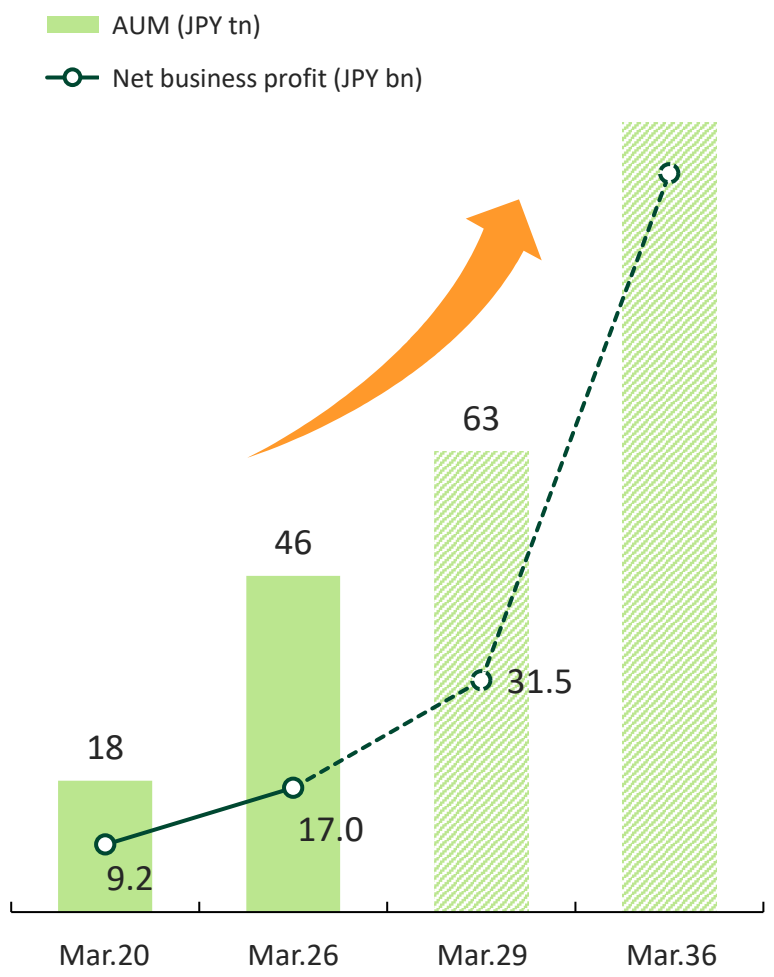
Made progress in building the foundation for stronger asset inflows to expand potential for future earnings growth.

■ Changing environment and strategic direction

Customers	Banks
Shifting from “savings to investment” to optimized allocation across asset classes	More efficient balance sheet management combining asset origination, holding, and distribution is becoming essential

Growing importance of asset management business

Group AUM and net business profit



Copyright © 2026 Sumitomo Mitsui Financial Group.
All Rights Reserved.

Three Strategies in the Medium-Term Plan

Expand high-return products × Expand customer base

Strategic focus

Enhance presence in active asset management

Domestic retail active fund AUM

(JPY tn)

FY3/26 7.7 ▶ FY3/36 **20**

Offset pressure on management fee rates through quality and scale

Investment edge	AUM expansion
Performance-driven products	× Scaling core products

Initiatives

Strengthen SMDAM's retail product capabilities and brand franchise

Recognition	Core products	Customer reach
<R&I Fund Award> Most awards received **for 3 consecutive years** (27 awards in 2026)	• Value + α[*2] • Active bond[*3] • Revolution series[*4]	New ETF brand **SMBC Prime ETF**

Build a private asset business

In-house managed private assets AUX

(JPY tn)

FY3/26 1.5 ▶ FY3/36 **15**

Differentiate by bank-originated opportunities and asset quality

Overseas	Domestic
Origination-driven opportunities	▶ Market creation with global expertise

Expand SMBC PRIVATE MARKETS

Brand building / key initiatives	
Europe	• Plan to launch LBO fund II • JV program with external managers (Investment in large LBOs with Bain Capital and Muzinich)
Asia	• Launch real estate debt fund

Scale up an advisory business

Advisory and discretionary AUM

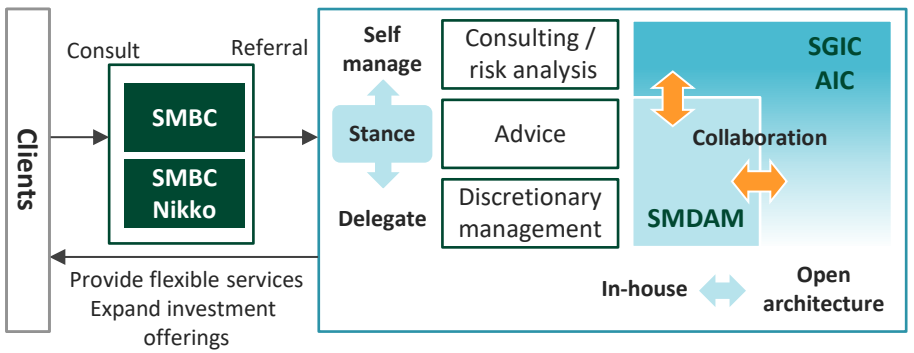
(JPY tn)

FY3/26 13.5 ▶ FY3/36 **34**

Expand investor base in an increasingly competitive market

- Supporting portfolio design and reallocation, including deposits
- Complement clients' CIO function[*1]

Advisory business platform



*1 CIO (Chief Investment Office) function: overseeing the entire investment process, from strategy to allocation and monitoring
*2 Sumitomo Mitsui DS Japan Value Equity Fund, etc. *3 Sumitomo Mitsui DS Japan Bond Fund, ect.
*4 Newton Power Innovation Fund, Material Innovation Strategy Equity Fund, etc.

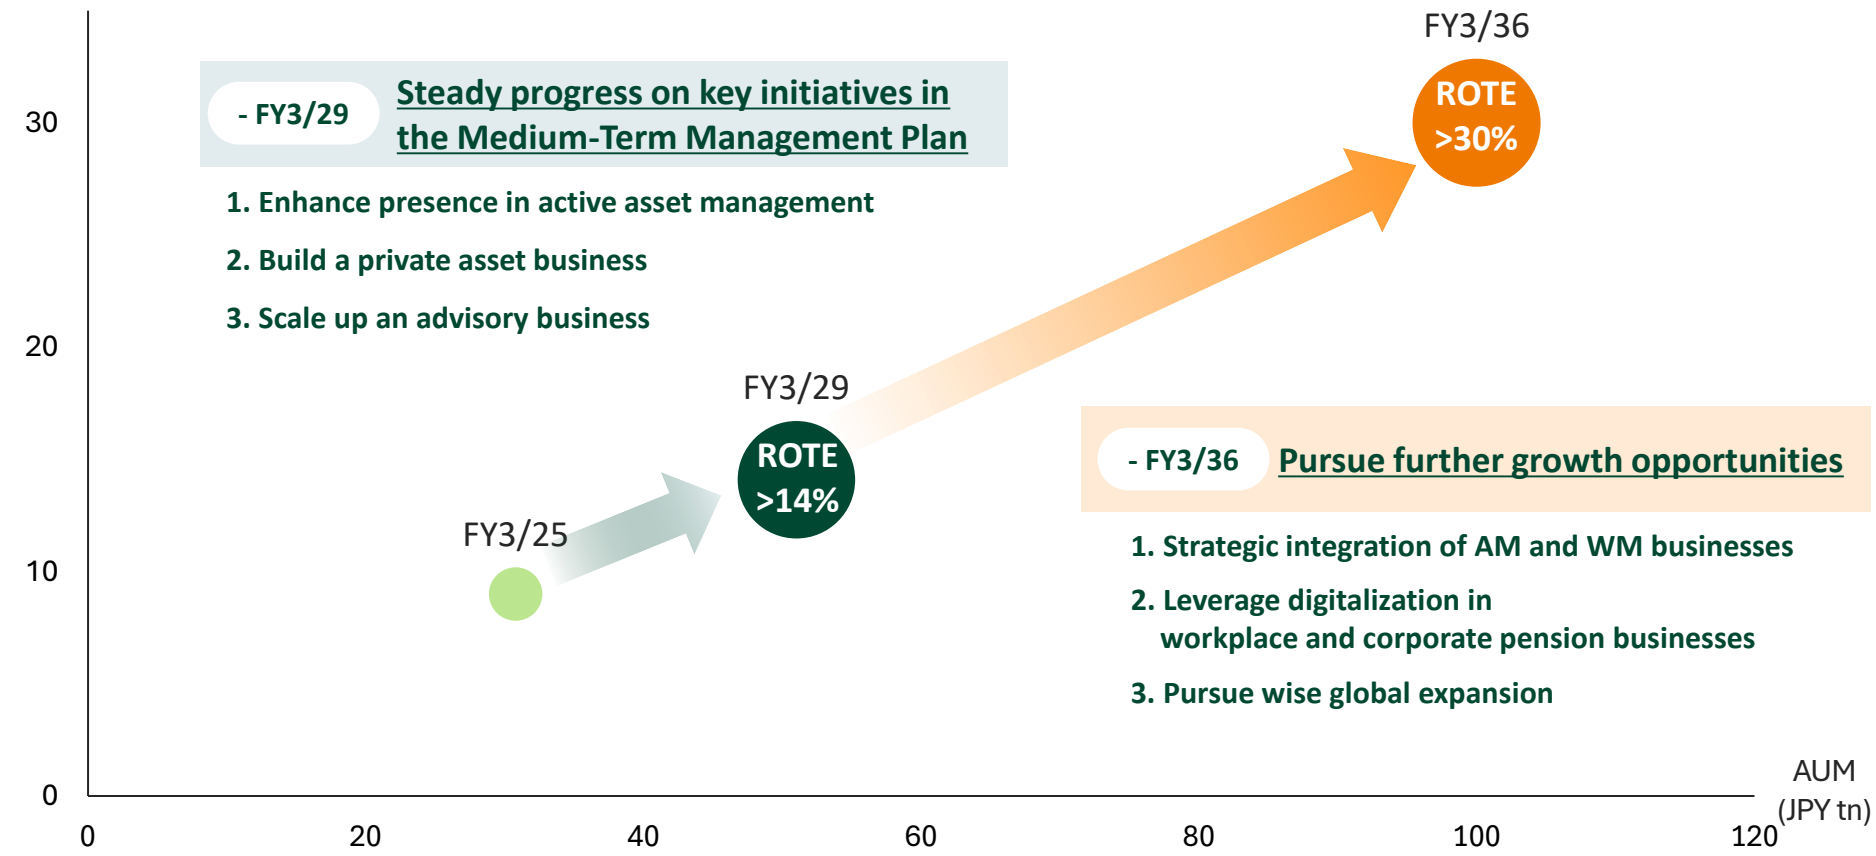
Medium- to Long-term Vision

Drive differentiation through business models leveraging SMBC Group's strengths

Build an asset management platform for AUM growth and high ROE



- FY3/29 **Steady progress on key initiatives in the Medium-Term Management Plan**

1. Enhance presence in active asset management
2. Build a private asset business
3. Scale up an advisory business

- FY3/36 **Pursue further growth opportunities**

1. Strategic integration of AM and WM businesses
2. Leverage digitalization in workplace and corporate pension businesses
3. Pursue wise global expansion

Cost Control

Extend the business efficiency initiatives implemented first in Japan to overseas operations.
Generate JPY 200bn in cost reduction through operating optimization and modernization of IT infrastructure.

Through the previous medium-term plan

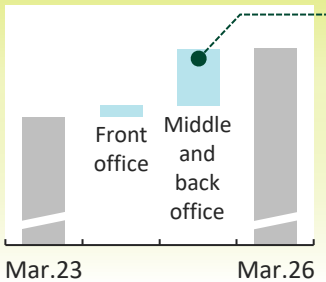
	(JPY)	FY3/20	FY3/26
Domestic	Personnel expenses	530bn	520bn
	Headcount	71,000 people	60,000 people
	Non-personnel expenses, etc.	580bn	590bn
		Efficiency improvements	
Overseas *1	Personnel expenses	160bn	550bn
	Headcount	13,000 people	17,000 people
	Non-personnel expenses, etc.	120bn	330bn
		Investment	
IT	IT expenses	290bn	460bn

New medium-term plan

Optimize overseas operations

Strengthen expense management for CxO functions

Overseas headcount



CxO headcount increased to enhance governance

- **Streamline structures across Business units and CxOs**
- **Consolidate operations at the India offshore center**

IT modernization

Discontinue non-strategic products and services

- Review and streamline systems for cloud migration

Balanced approach to AI

Investment	Strengthen cybersecurity
Cost reduction	Improve operational efficiency
Revenue growth	Enhance marketing capabilities

Cost reduction

(3 years)
JPY (200) bn

*1 Excl. Multi-franchise strategy

Capital Control

Integrate capital deployment and composition management to balance financial soundness, shareholder returns, and growth investment while controlling each capital component.

Capital deployment

Previous medium-term plan

Financial soundness

CET1 ratio target : c.10% (9.5-10.5%)

Shareholder return

Dividend
Dividend payout ratio : 40%
Progressive dividend policy :
"no dividend reduction"

Share buyback
Execute flexibly
JPY 0.7tn

Investment for growth

Organic
Allocated capital mainly in domestic market

Inorganic
Invested mainly in Asia
JPY 1.0tn

New medium-term plan

Financial soundness

CET1 ratio target : c. 10.5% (10.0-11.0%)

Shareholder return

Dividend
Dividend payout ratio : 40%
Progressive dividend policy :
"increase dividends every year"

Share buyback
Execute more flexibly

Investment for growth

Organic
Allocate capital primarily to **strong domestic loan demand**

IT
> JPY 1tn
in three years

Inorganic
Focus on growth support for existing investees

Capital composition

Composition of tangible common equity

(JPY)	Mar.23	Mar.26
Shareholders' equity	10.3tn	11.8tn
Net unrealized gains on other securities	1.4tn	2.1tn
Foreign currency translation adjustments	0.8tn	1.7tn
Intangible fixed assets, etc.	(0.7)tn	(1.0)tn
Tangible common equity	**11.8tn**	**14.6tn**

Management policy by component

- **Maintain capital discipline through shareholder returns**
- **Control the balance by reducing equity holdings**
- **Improve financial leverage by utilizing unrealized gains**
- **Neutralize the impact of FX fluctuations on CET1 ratio**

This document contains “forward-looking statements” (as defined in the U.S. Private Securities Litigation Reform Act of 1995), regarding the intent, belief or current expectations of Sumitomo Mitsui Financial Group, Inc. (“the Company”) and its management with respect to the Company’s future financial condition and results of operations. This document also contains "sustainability statements" related to the sustainability activities of the Company concerning the environmental, social, and governance matters.
In many cases but not all, these statements contain words such as “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “probability,” “risk,” “project,” “should,” “seek,” “target,” “will” and similar expressions. Such statements are not guarantees of future performance and involve risks and uncertainties, and actual results may differ from those expressed in or implied by such forward-looking statements or sustainability statements contained or deemed to be contained herein. The risks and uncertainties which may affect future performance or results include: deterioration of Japanese and global economic conditions and financial markets; declines in the value of the Company’s securities portfolio; incurrence of significant credit-related costs; the Company’s ability to successfully implement its business strategy through its subsidiaries, affiliates and alliance partners; and exposure to new risks as the Company expands the scope of its business. Given these and other risks and uncertainties, you should not place undue reliance on forward-looking statements or sustainability statements, which speak only as of the date of this document. The Company undertakes no obligation to update or revise any forward-looking statements or sustainability statements. The sustainability initiatives described in the "sustainability statements" are undertaken in accordance with policies and practices independently determined by the Company, with the aim of supporting and addressing its risk management and other financing and investment objectives. Each decision will be made subject to local legal requirements.
Please refer to the Company’s most recent disclosure documents such as its annual report on Form 20-F and other documents submitted to the U.S. Securities and Exchange Commission, as well as its earnings press releases, for a more detailed description of the risks and uncertainties that may affect its financial conditions, its operating results, and investors’ decisions.
