II. Principles and Management

1. Management Policy

SMFG's Groupwide management philosophy is as follows:

- To provide optimum added value to our customers and together with them achieve growth
- To create sustainable shareholder value through business growth
- To provide a challenging and professionally rewarding work environment for our dedicated employees

In line with this philosophy, SMFG's management policy is to strengthen the Group's earnings power and to fortify its financial base, to raise its net worth.

2. Dividend Policy

SMFG subscribes to a fundamental policy of distributing appropriate dividends while enhancing its Group's capital to maintain sound financial position.

3. Management Index to be Achieved

SMFG, while maintaining its BIS capital ratio of over 10%, will build up its Retained earnings for early repayment of public funds.

4. Mid- to Long-term Management Strategy

Our three basic policies to strengthen earnings power are: to expand business volume by utilizing the unified groupwide capabilities to provide higher value-added services that match customers' needs, to increase capital efficiency by improving the risk-return profile and focused allocation of business resources to high-profit businesses, and to strengthen cost efficiency by reinforcing low-cost operation. Following these policies, we aim to achieve higher sustainable corporate value by strengthening group profitability through further reinforcement of strategic businesses in which we have competitive advantage, establishment of new business models, and expansion of marketing channels and customer base on a group basis.

Specifically, along with further enhancement of new type unsecured loans to small and medium-sized enterprises (SMEs), financial consulting for individuals and investment banking business, in which we have competitive advantage, we aim to establish new business models in consumer finance and Asian business centered on China.

At the same time as we strengthen group profitability for achieving sustainable growth, in fiscal 2004, we make efforts to complete intensive improvement in asset quality. Sumitomo Mitsui Banking Corporation (SMBC) designates fiscal 2003 and 2004 as the intensive resolution period of non-performing loans (NPLs), and proactive measures are being taken to halve the NPL ratio at March end 2002 of 8.9% by the end of fiscal 2004. In addition, we continuously cut the balance of stockholdings in order to reduce price fluctuation risk further.

5. Issues to be Addressed

We have set "completion of intensive improvement in asset quality" and "enhancement of group profitability" as two issues to be addressed in fiscal 2004.

- Completion of Intensive Improvement in Asset Quality

In the first half of this fiscal year, SMBC reduced its NPLs (Problem Assets based on the Financial Reconstruction Law) by approximately ¥330 billion from March end 2004, resulting in an NPL balance of about ¥2.48 trillion and an NPL ratio of 4.4% at the end of September, thereby achieving the target of halving the NPL ratio at March end 2002 of 8.9% six months ahead of the original schedule. We plan to further reduce NPL balance to less than ¥2 trillion and NPL ratio to less than 4.0% at the end of fiscal year through further efforts for corporate recoveries, prevention of deterioration of borrowers' financial conditions and off-balancing. On stockholdings, although they have been reduced significantly and their balance is already below the level required in the restriction of banks' stockholdings, approximately ¥200 billion were sold in the first half, and will be continuously reduced onward.

- Enhancement of Group Profitability

Businesses of SMBC, Sumitomo Mitsui Card, SMBC Leasing, The Japan Research Institute, Daiwa Securities SMBC, Daiwa SB Investments, and other group companies with strong business base will be strengthened further, and collaboration among group companies and strategic alliances with leading companies will be proactively promoted to boost group profitability.

Specifically, we will increase SMBC's new type unsecured loans to SMEs, such as Business Select Loan and N-Fund Loan, by reinforcing SMBC's risk taking capability and expanding marketing channels. Financial consulting for individuals such as sales of investment trusts, pension type insurances and mortgage loans, will be reinforced by increasing the number of SMBC Consulting Plazas, the specialized channels, and adding new products to the lineups. In investment banking business, to enhance business profitability, solution providing such as loan syndication, structured finance will be strengthened, and collaboration with Daiwa Securities SMBC will be accelerated.

Furthermore, under the strategic alliance with Promise Co., Ltd. announced this June, SMBC's marketing channels, customer base and Promise's expertise, know-how are leveraged to establish new business models to dramatically strengthen consumer finance business. Preparations are being made to provide consumer loan products starting in April 2005.

We will continue to strengthen Asian business centered on China, and strategically allocate business resources in the Americas and Europe to increase business volume.

- Repayment of Public Fund

We recently repaid ¥201 billion of public fund preferred stocks owned by the government. The repayment of public fund was scheduled to start next fiscal year but was moved up thanks to the buildup of retained earnings and steady improvement in profitability as a result of our recent efforts. We are aiming for an early repayment of the remaining ¥1.1 trillion by further boosting profitability.

We hope to improve the market's overall evaluation of SMFG by steadily achieving results in both "completion of intensive improvement in asset quality" and "enhancement of group profitability" in fiscal 2004.

<< Principal Risk Factors>>

Principal risk factors that could materially affect SMFG's operating results and financial position are as follows. SMFG takes necessary measures to prevent such events from occurring, and responds quickly and appropriately when such events do occur.

- · Risk related to increase in problem loans and credit costs
- Risk related to equity portfolio
- Risk related to trading business and holding bonds
- Risk related to foreign currency exchange rate
- Risk related to decline in BIS capital ratio
- · Risk related to downgrade in SMFG group's debt ratings
- Risk related to failure of SMFG's strategy
- Risk related to failure of joint venture, alliance and acquisition
- Risk related to regulatory amendment of laws, rules and accounting rules etc.

(Note) SMFG recognizes the risk factors shown above on the day of announcement of financial results.

6. Corporate Governance Policy and Structure

(1) Corporate Governance Policy

Maintaining effective corporate governance is one of the most important issues of SMFG and the Group companies. Therefore, SMFG is committed to maintaining sound management, creating sustainable shareholder value and contributing to healthy development of society by observing the below "Management Philosophy" and "Business Ethics".

<<Management Philosophy>>

- To provide optimum added value to our customers and together with them achieve growth
- To create sustainable shareholder value through business growth
- To provide a challenging and professionally rewarding work environment for our dedicated employees

<<Business Ethics>>

• Satisfactory Customer Services

We intend to be a financial services complex that has the trust and support of our customers. For this purpose, we will always provide services that meet the true needs of our customers in order to obtain their satisfaction and confidence in the Group.

• Sound Management

We intend to be a financial services complex which maintains fair, transparent, and sound management based on the principle of self-responsibility. For this purpose, along with obtaining the firm confidence of our shareholders, our customers, and the general public, we take a long-term view of our business and operate it efficiently, and actively disclose accurate business information about the Group. Through these procedures, we will maintain continuous growth on a sound financial basis.

• Contribution to Social Development

We intend to be a financial services complex which contributes to the healthy development of society. For this purpose, we recognize the importance of our mission to serve as a crucial part of the public infrastructure and also our social responsibilities. With such recognition, we undertake business operations that contribute to the steady development of Japan and the rest of the world, and endeavor, as a good corporate citizen, to make a positive contribution to society.

• Free and Active Business Environment

We intend to be a financial services complex for which all officers and other employees work proudly and with great spirit. For this purpose, we respect people, and train and produce employees with professional knowledge and ability, thereby creating a free and active business environment.

• Compliance

We intend to be a financial services complex that always keeps in mind the importance of compliance. For this purpose, we constantly reflect our awareness of these Business Ethics in our business activities. In addition, we respond promptly to directives from auditors and inspectors. Through these actions, we observe all laws and regulations, and uphold moral standards in our business practices.

(2) Corporate Committees and Internal Control System

<<Directors>>

SMFG employs the corporate auditor system consisting of eight directors and five auditors, and two of the directors and three of the auditors are from outside SMFG and its Group companies. To ensure that our business is conducted according to law, the outside directors are a certified public accountant and a lawyer.

<<Board of Directors>>

The Board of Directors basically meets once a month. The Chairman of the Board, not the President who oversee the overall operation of SMFG, chairs the Board meeting. Moreover, there are three committees to supplement the Board's oversight functions: the Risk Management Committee, Compensation Committee, and the Nominating Committee. The outside directors are members of all the committees (one is the Chairman of the Compensation Committee). This system allows supervision of our operations to be conducted from a suitably objective perspective.

• Risk Management Committee

Deliberates on Groupwide risk management and compliance issues

- 1. Issues related to the basic policies and the system of risk management
- 2. Other issues with a potential material impact on operations
- Compensation Committee

Deliberates on remuneration of Board members and executive officers of SMFG and SMBC

- 1. Issues related to remuneration, salaries, and incentive program
- 2. Other remuneration issues
- Nominating Committee

Deliberates on appointment of directors of SMFG and SMBC

- 1. Issues related to the selection of candidates for Board directorships
- 2. Issues related to the appointment of managing directors having specified management responsibilities, and issues related to the appointment of representative directors
- 3. Other major personnel issues related to directors

<< Auditors' Activities>>

The auditors ensure the proper business conduct of SMFG and the subsidiaries by attending the Board of Directors' meetings and other important meetings at which the directors and others present business reports, by examining documents on important decisions, and by obtaining reports from the internal audit departments, subsidiaries and outside auditors.

<<Business Execution>>

SMFG has a Management Committee, consisting of directors and chaired by the president of SMFG, to act as the top decision-making body on business administration and management supervision of the entire Group. The committee, in accordance with the basic policies set by the Board, considers important matters relating to the execution of business, and the president has the authority to make the final decision after considering the committee's recommendations. In addition, SMFG also has a Group Strategy Committee to serve as a forum for the management staff of all Group companies to exchange opinions and information on their respective business plans. Moreover, the directors in charge of Group companies are appointed as part-time directors of the major group companies to supervise the proper conduct of business.

<<Internal Audit System>>

The Audit Department of SMFG is responsible for objectively conducting internal audits for the Group in a process separate from the oversight exercised by the Board of Directors on the shareholders' behalf. The Audit Department conducts internal audits to assess the soundness of business operations and assets, as well as to verify that the Group's internal control system, including compliance and risk management, is appropriate and effective. The Audit Department is also responsible for supervising internal audits at each group company. It reviews the internal audit system of each company by monitoring the company's internal audits on a regular basis. The results of the audits are periodically reported to the Board of Directors and the Management Committee. Based on these findings, the Audit Department administers guidance and makes proposals to the audited departments and offices, as well as to the respective auditing departments of Group companies.

<<Compliance>>

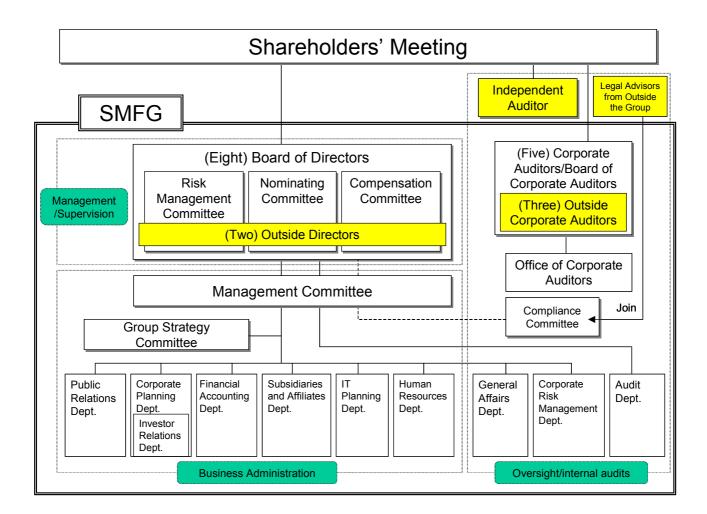

SMFG have implemented the following compliance system to ensure sound and appropriate business management by SMFG and our Group companies.

• The Board of Directors and Management Committee

The Board of Directors and Management Committee make important decisions concerning compliance policy, review the progress of those measures taken in connection with ensuring compliance, and give instructions concerning these matters as appropriate.

• The Compliance Committee

SMFG set up the Compliance Committee to reinforce the Groupwide compliance system. The committee comprises the designated Board member responsible for compliance issues, the heads of departments involved with compliance matters, and advisors from outside the Group.

III. Operating Results and Financial Position

1. Overview of Consolidated Operating Results and Financial Position as of and for the Six Months Ended September 30, 2004

(1) Operating Results

SMFG continued to enhance profitability through business restructuring and reduce expenses by pursuing operational efficiency in the six months ended September 30, 2004.

Ordinary income increased 1.0% to 1,778.1 billion yen as a result of increase of other operating income, other income and fees and commissions though interest income and trading profits decreased. Ordinary expenses increased 4.3% to 1,664.0 billion yen mainly due to increase of other expenses as a result of increase in provision for credit cost though other operating expenses and general and administrative expenses decreased.

As a result, Ordinary profit and Net income (after adjusting extraordinary gains/losses and other factors) amounted to 114.1 billion yen and 53.3 billion yen, respectively.

(2) Assets and Liabilities

Deposits amounted to 67,619.9 billion yen (up 2,286.5 billion yen from the previous fiscal year-end) and Negotiable certificates of deposit amounted to 3,038.3 billion yen (down 481.1 billion yen).

Loans and bills discounted amounted to 55,422.0 billion yen (up 39.2 billion yen).

Total assets amounted to 101,054.2 billion yen (down 1,160.9 billion yen).

(3) Stockholders' Equity

Stockholders' equity decreased by 50.0 billion yen from the previous fiscal year-end to 3,020.9 billion yen, mainly due to the decrease in net unrealized gains on other securities in spite of recording net income for this six months period.

(4) Cash Flows

SMFG used 3,230.7 billion yen of Cash flows from operating activities, generated 2,906.4 billion yen of Cash flows from investing activities and generated 117.8 billion yen of Cash flows from financing activities. Consequently, Cash and cash equivalents amounted to 3,327.6 billion yen.

(5) Segments

The breakdown of Ordinary income before the elimination of internal transactions is as follows:

By business

Ordinary income		
Banking business	65%	(down 4 points from the previous interim term)
Leasing business	19%	(up 2 points)
Other business	16%	(up 2 points)

By country

Ordinary income		
Japan	91%	(up 1 point from the previous interim term)
The Americas	4%	(down 1 point)
Europe	2%	(down 1 point)
Asia and Oceania	3%	(up 1 point)

(6) Capital Ratio (BIS Guidelines) (preliminary)

Capital ratio was 10.93% on a consolidated basis.

2. Earnings and Dividend Forecast for the Fiscal Year Ending March 31, 2005

(1) Earnings Forecast

In fiscal 2004, SMFG will enhance Group profitability by strengthening businesses and further promoting collaboration between the Group companies that have strong operating bases. In addition, it will make efforts to complete intensive improvement in asset quality through further reduction in non-performing loans and stockholdings.

Notes to Consolidated Interim Balance Sheet

- 1. Amounts less than one million yen have been omitted.
- 2. Transactions for trading purposes (seeking gains arising from short-term changes in interest rates, currency exchange rates, or market prices of securities and other market related indices or from variation among markets) are included in "Trading assets" or "Trading liabilities" on the consolidated interim balance sheet on a contract date basis.

Securities and monetary claims purchased for trading purposes are stated at the interim term-end market value, and financial derivatives such as swaps, futures and options are stated at amounts that would be settled if the transactions were terminated at the consolidated interim balance sheet date.

3. Debt securities that consolidated subsidiaries have the positive intent and ability to hold to maturity are classified as held-tomaturity securities and are carried at amortized cost (straight-line method) using the moving-average method. Investments in unconsolidated subsidiaries and affiliates that are not accounted for by the equity method are carried at cost using the moving-average method.

Securities other than trading purpose securities, held-to-maturity securities and investments in unconsolidated subsidiaries and affiliates are classified as "other securities" (available-for-sale securities). Stocks in other securities that have market prices are carried at the average market prices during the final month of the interim term, and bonds and others that have market prices are carried at their interim term-end market prices (cost of securities sold is calculated using primarily the moving-average method). Other securities with no available market prices are carried at cost or amortized cost using the moving-average method. Net unrealized gains (losses) on other securities, net of income taxes, are included in "Stockholders' equity," after deducting the amount that is reflected in the interim term's earnings because of application of fair value hedge accounting.

- 4. Securities included in "Money held in trust" are carried in the same way as in Notes 2 and 3.
- 5. Derivative transactions, excluding those classified as trading derivatives, are carried at fair value, though some consolidated overseas subsidiaries account for derivative transactions in accordance with their local accounting standards.
- 6. Premises and equipment owned by Sumitomo Mitsui Financial Group, Inc. (SMFG) and its consolidated subsidiary, Sumitomo Mitsui Banking Corporation (SMBC) are depreciated using the straight-line method for premises and the declining-balance method for equipment. They calculated the depreciation cost for the interim term by proportionally allocating the estimated annual cost to the interim term. The estimated useful lives of major items are as follows:
 - Buildings: 7 to 50 years
 - Equipment: 2 to 20 years

Other consolidated subsidiaries depreciate premises and equipment, and lease assets primarily using the straight-line method over the estimated useful lives of the respective assets and the straight-line method over the lease term based on the residual value of assets at the end of the lease term, respectively.

- 7. Capitalized software for internal use owned by SMFG and its consolidated domestic subsidiaries is depreciated using the straight-line method over its estimated useful life (basically five years).
- 8. SMBC's assets and liabilities denominated in foreign currencies and overseas branches' accounts are translated into Japanese yen mainly at the exchange rate prevailing at the consolidated interim balance sheet date, with the exception of stocks of subsidiaries and affiliates translated at rates prevailing at the time of acquisition.

Other consolidated subsidiaries' assets and liabilities denominated in foreign currencies are translated into Japanese yen at the exchange rate prevailing at their respective balance sheet dates.

9. Reserve for possible loan losses of major consolidated subsidiaries is provided as detailed below in accordance with the internal standards for write-offs and reserves.

For claims on borrowers that have entered into bankruptcy, special liquidation proceedings or similar legal proceedings ("bankrupt borrowers") or borrowers that are not legally or formally insolvent but are regarded as substantially in the same situation ("effectively bankrupt borrowers"), a reserve is provided based on the amount of claims, after the write-off stated below, net of the expected amount of recoveries from collateral and guarantees.

For claims on borrowers that are not currently bankrupt but are likely to become bankrupt in the future ("potentially bankrupt borrowers"), a reserve is provided in the amount deemed necessary based on an overall solvency assessment of the claims, net of the expected amount of recoveries from collateral and guarantees.

Discounted Cash Flows (DCF) method is used for claims on borrowers whose cash flows from collection of principals and interest can be rationally estimated and SMBC applies it to claims on large potentially bankrupt borrowers and claims on large borrowers requiring close monitoring that have been classified as "Past due loans (3 months or more)" or "Restructured loans," whose total loans from SMBC exceed a certain amount. SMBC establishes a reserve for possible loan losses using the DCF method for such claims in the amount of the difference between the present value of principal and interest (calculated using the rationally estimated cash flows discounted at the initial contractual interest rate) and the book value.

For other claims, a reserve is provided based on the historical loan-loss ratio.

For claims originated in specific countries, an additional reserve is provided in the amount deemed necessary based on the assessment of political and economic conditions.

Branches and credit supervision departments assess all claims in accordance with the internal rules for self-assessment of assets, and the Credit Review Department, independent from these operating sections, audits their assessment. The reserves are provided based on the results of these assessments.

Reserve for possible loan losses of other consolidated subsidiaries for general claims is provided in the amount deemed necessary based on the historical loan-loss ratios, and for doubtful claims in the amount deemed uncollectible based on assessment of each claim.

For collateralized or guaranteed claims on bankrupt borrowers and effectively bankrupt borrowers, the amount exceeding the estimated value of collateral and guarantees is deemed to be uncollectible and written off against the total outstanding amount of the claims. The amount of write-off was 1,774,043 million yen.

- 10. Reserve for employee bonuses is provided for payment of bonuses to employees, in the amount of estimated bonuses, which are attributable to this interim term.
- 11. Reserve for employee retirement benefits is provided for payment of retirement benefits to employees, in the amount deemed accrued at interim term-end, based on the projected retirement benefit obligation and fair value of plan assets at this fiscal year-end. Unrecognized prior service cost is amortized using the straight-line method, primarily over 10 years within the employees' average remaining service period at incurrence.

Unrecognized net actuarial gain (loss) is amortized using the straight-line method, primarily over 10 years within the employees' average remaining service period, commencing from the next fiscal year of incurrence.

Unrecognized net transition obligation from the initial application of the new accounting standard for employee retirement benefits is amortized primarily using the straight-line method over five years and is charged 50% of the annual amortized cost to its income for the six months ended September 30, 2004.

- 12. Financing leases of SMFG and its consolidated domestic subsidiaries, excluding those in which the ownership of the property is transferred to the lessee, are accounted for in the same method as operating leases.
- 13. As for the hedge accounting method applied to hedging transactions for interest rate risk arising from financial assets and liabilities, SMBC applies deferred hedge accounting or fair value hedge accounting.

SMBC applies deferred hedge accounting stipulated in "Treatment for Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Banking Industry" (JICPA Industry Audit Committee Report No.24) to portfolio hedges of large-volume, small-value monetary claims and debts.

As for the portfolio hedges to offset market fluctuation, SMBC assesses the effectiveness of such hedges by classifying the hedged items (such as deposits and loans) and the hedging instruments (such as interest rate swaps) by their maturity. As for the portfolio hedges to fix cash flows, SMBC assesses the effectiveness of such hedges by verifying the correlation between the hedged items and the hedging instruments.

As for the individual hedges, SMBC also basically applies deferred hedge accounting. But, SMBC applies fair value hedge accounting to hedging transactions for reducing the market volatility of bonds classified as other securities that are held for the purpose of Asset and Liability Management.

As a result of the application of JICPA Industry Audit Committee Report No.24, SMBC discontinued the application of hedge accounting or applied fair value hedge accounting to a portion of the hedging instruments using "macro hedge," which had been applied in order to manage interest rate risk arising from large-volume transactions in loans, deposits and other interest-earning assets and interest-bearing liabilities as a whole using derivatives pursuant to "Temporary Treatment for Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Banking Industry" (JICPA Industry Audit Committee Report No.15). The deferred hedge losses and gains related to such a portion of hedging instruments are charged to "Interest income" or "Interest expenses" over a 12-year period (maximum) according to their maturity from the fiscal year ended March 31, 2004. At this interim term-end, gross amounts of deferred hedge losses and gains on "macro hedge" were 254,000 million yen and 221,851 million yen, respectively.

14. SMBC applies deferred hedge accounting stipulated in "Treatment of Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in Banking Industry" (JICPA Industry Audit Committee Report No.25) to currency swap and foreign exchange swap transactions executed for the purpose of lending or borrowing funds in different currencies. Pursuant to JICPA Industry Audit Committee Report No.25, SMBC assesses the effectiveness of currency swap and foreign

exchange swap transactions executed for the purpose of offsetting the risk of changes in currency exchange rates by verifying that there are foreign-currency monetary claims and debts corresponding to the foreign-currency positions.

In order to hedge risk arising from volatility of exchange rates for stocks of subsidiaries and affiliates and other securities (excluding bonds) denominated in foreign currencies, SMBC applies deferred hedge accounting or fair value hedge accounting, on the conditions that the hedged securities are designated in advance and that sufficient on-balance (actual) or off-balance (forward) liability exposure exists to cover the cost of the hedged securities denominated in the same foreign currencies.

15. As for derivative transactions between consolidated subsidiaries or internal transactions between trading accounts and other accounts (or among internal sections), SMBC manages the interest rate swaps and currency swaps that are designated as hedging instruments in accordance with the strict criteria for external transactions stipulated in JICPA Industry Audit Committee Report No.24 and No.25. Therefore, SMBC accounts for the gains or losses that arise from interest rate swaps and currency swaps in its earnings or defers them, rather than eliminating them.

Certain other consolidated subsidiaries use the deferred hedge accounting or the special treatment for interest rate swaps. A consolidated domestic subsidiary (a leasing company) partly applies the accounting method that is permitted by "Temporary

Treatment for Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Leasing Industry" (JICPA Industry Audit Committee Report No.19).

- 16. National and local consumption taxes of SMFG and its consolidated domestic subsidiaries are accounted for using the taxexcluded method.
- 17. SMBC accounts for the exhibition expenses related to "The 2005 World Exposition, Aichi, Japan" that will be held in Aichi Prefecture in 2005 as "Reserve for expenses related to EXPO 2005 Japan." This reserve is stipulated in Article 43 of the Ordinance of the Commercial Code and includes the reserve that is stipulated in Article 57-2 of the Specific Taxation Measures Law.
- 18. Other reserves required by special laws are reserve for contingent liabilities from financial futures transactions of 18 million yen in accordance with Article 82 of the Financial Futures Transaction Law, and reserve for contingent liabilities from securities transactions of 1,075 million yen in accordance with Article 51 of the Securities and Exchange Law.
- 19. Accumulated depreciation on premises and equipment and accumulated depreciation on lease assets amounted to 588,735 million yen and 1,550,472 million yen, respectively.
- 20. Bankrupt loans and Non-accrual loans were 86,972 million yen and 1,844,061 million yen, respectively. These amounts include the trusted amount with The Resolution and Collection Corporation of 3,792 million yen, which is treated as off-balancing. "Bankrupt loans" are loans, after write-off, to legally bankrupt borrowers as defined in Article 96-1-3 and 96-1-4 of the Enforcement Ordinance No.97 of the Japanese Corporate Tax Law (issued in 1965) and on which accrued interest income is not recognized as there is substantial doubt about the ultimate collectability of either principal or interest because they are past due for a considerable period of time or for other reasons. "Non-accrual loans" are loans on which accrued interest income is not recognized, excluding "Bankrupt loans" and loans on which interest payments are deferred in order to support the borrowers' recovery from financial difficulties.
- 21. Past due loans (3 months or more) totaled 52,918 million yen.

"Past due loans (3 months or more)" are loans on which the principal or interest is past due for three months or more, excluding "Bankrupt loans" and "Non-accrual loans."

22. Restructured loans totaled 884,745 million yen.

"Restructured loans" are loans on which terms and conditions have been amended in favor of the borrowers (e.g. reduction of the original interest rate, deferral of interest payments, extension of principal repayments or debt forgiveness) in order to support the borrowers' recovery from financial difficulties, excluding "Bankrupt loans," "Non-accrual loans" and "Past due loans (3 months or more)."

23. The total amount of Bankrupt loans, Non-accrual loans, Past due loans (3 months or more) and Restructured loans was 2,868,696 million yen. This amount includes the trusted amount with The Resolution and Collection Corporation of 3,837 million yen, which is treated as off-balancing.

The amounts of loans presented in Notes 20 to 23 above are the amounts before deduction of reserve for possible loan losses.

- 24. Bills discounted are accounted for as financial transactions in accordance with JICPA Industry Audit Committee Report No.24. SMFG's banking subsidiaries have rights to sell or pledge bank acceptance bought, commercial bills discounted, documentary bills and foreign exchanges bought without restrictions. The total face value was 1,031,613 million yen.
- 25. Assets pledged as collateral were as follows:

	(Millions of yen)
Assets pledged	
Cash and due from banks	90,583
Trading assets	651,906
Securities	7,457,751
Loans and bills discounted	1,465,657
Other assets (installment account receivable etc.)	1,030
Liabilities corresponding to assets pledged	
Deposits	10,528
Call money and bills sold	3,655,999
Payables under repurchase agreements	715,530
Payables under securities lending transactions	4,460,991
Trading liabilities	125,597
Borrowed money	3,893
Other liabilities	14,617
Acceptances and guarantees	149,029

In addition, Cash and due from banks of 50,227 million yen, Trading assets of 1,663 million yen, Securities of 6,962,079 million yen and Loans and bills discounted of 581,956 million yen were pledged as collateral for cash settlements, variation margins of futures markets and certain other purposes.

Premises and equipment include surety deposits and intangible of 110,928 million yen, and Other assets include initial margins of futures markets of 9,216 million yen.

- 26. Net amount of deferred unrealized gains (losses) on hedging instruments to which deferred hedge accounting is applied is reported as deferred loss on hedge and is included in "Other assets." Gross deferred unrealized losses and gains on hedging instruments were 573,789 million yen and 457,780 million yen, respectively.
- 27. SMBC revaluated its own land for business activities in accordance with the "Law Concerning Land Revaluation" (the "Law") effective March 31, 1998 and the law concerning amendment of the Law effective March 31, 2001. The income taxes corresponding to the net unrealized gains are deferred and reported in "Liabilities" as "Deferred tax liabilities for land revaluation," and the net unrealized gains, net of deferred taxes, are reported as "Land revaluation excess" in "Stockholders' equity."

Certain other consolidated subsidiaries revaluated their own land for business activities in accordance with the Law. The income taxes corresponding to the net unrealized gains (losses) are deferred and reported in "Liabilities" or "Assets" as "Deferred tax liabilities for land revaluation" or "Deferred tax assets for land revaluation," and the net unrealized gains (losses), net of deferred taxes, are reported as "Land revaluation excess" in "Stockholders' equity."

Date of the revaluation

SMBC:

March 31, 1998 and March 31, 2002

Certain other consolidated subsidiaries:

March 31, 1999 and March 31, 2002

Method of revaluation (stipulated in Article 3-3 of the Law)

SMBC:

Fair values were determined by applying appropriate adjustments for land shape and timing of appraisal to the values stipulated in Article 2-3, 2-4 or 2-5 of the Enforcement Ordinance of the Law Concerning Land Revaluation (the Enforcement Ordinance No.119) effective March 31, 1998.

Certain other consolidated subsidiaries:

Fair values were determined based on the values stipulated in Article 2-3 and 2-5 of the Enforcement Ordinance No.119.

- 28. The balance of subordinated debt included in "Borrowed money" was 771,570 million yen.
- 29. The balance of subordinated bonds included in "Bonds" was 1,861,560 million yen.
- 30. Stockholders' equity per share was 230,491.11 yen.
- 31. Market value and unrealized gains (losses) on securities are shown as below:

In addition to "Securities" in the consolidated interim balance sheet, trading securities, commercial paper and short-term corporate bonds classified as "Trading assets," negotiable certificates of deposit bought classified as "Cash and due from banks," and commercial paper and beneficiary claim on loan trust classified as "Commercial paper and other debt purchased" are also included in the amounts of the following tables. This definition is applied up to Notes 34.

(1) Securities classified as trading purposes

As of and for the six months ended September 30, 2004	(Millions of yen)
Consolidated interim balance sheet amount	1,209,190
Valuations gains (losses) included in profit/loss during the interim term	(2,548)

Total	19,859,096	20,343,172	484,076	664,737	180,661

Of the total net unrealized gains shown above, 22,199 million yen is included in this term's earnings because of the application of fair value hedge accounting.

"Net unrealized gains on other securities" includes 270,172 million yen that is the sum of the following items:

	(Millions of yen)
Net unrealized gains to be included in stockholders' equity, as a result of applying	
fair value hedge accounting (a)	461,876
(-) Deferred tax liabilities (b)	187,907
(c) = (a) - (b)	273,969
(-) Minority interests corresponding to (c)	4,981
(+) SMFG's interests of net unrealized gains (losses) on other securities held by	
affiliates accounted for by the equity method	1,185
Total	270,172

Other securities with market value are considered as impaired if the market value decreases materially below the acquisition cost and such decline is not considered as recoverable. The market value is recognized as the consolidated interim balance sheet amount and the amount of write-down is accounted for as valuation loss (impaired) for this interim term. Valuation loss for this interim term was 39 million yen. The rule for determining "material decline" is as follows and is based on the classification of issuing company under self-assessment of assets.

Bankrupt/ Effectively bankrupt/ Potentially bankrupt issuers Issuers requiring caution Normal issuers Market value is lower than acquisition cost Market value is 30% or more lower than acquisition cost Market value is 50% or more lower than acquisition cost

Bankrupt issuers: issuers that are legally bankrupt or formally declared bankrupt Effectively bankrupt issuers: issuers that are not legally bankrupt but regarded as substantially bankrupt Potentially bankrupt issuers: issuers that are not bankrupt now, but are perceived to have a high risk of falling into bankruptcy Issuers requiring caution: issuers that are identified for close monitoring Normal issuers: issuers other than the above four categories of issuers

32. The amount of other securities sold during the interim term is as follows:

Six months ended September	30, 2004	(Millions of yen)
Sales amount	Gains on sales	Losses on sales
16,678,701	117,923	27,549

33. Summary information on securities with no available market value is as follows:

As of September 30, 2004	(Millions of yen)

Total	3,306,028	10,848,244	3,405,341	2,668,827

35. Information on money held in trust is as follows:

Other money held in trust

As of September 30	, 2004			(Millions of yen)
Acquisition	Consolidated balance	Net unrealized		
cost	sheet amount	gains	Unrealized	Unrealized
			gains	losses
3,628	3,783	154	271	116

Net unrealized gains on other money held in trust of 92 million yen (after deducting 62 million yen in deferred tax liabilities from 154 million yen in net unrealized gains) are included in "Net unrealized gains on other securities."

36. "Japanese government bonds" as a sub-account of "Securities" include 16,294 million yen of unsecured loaned securities for which borrowers have the right to sell or pledge.

As for the unsecured borrowed securities for which SMBC has the right to sell or pledge and the securities which SMBC purchased under resale agreements, that are permitted to be sold or pledged without restrictions, 1,579,675 million yen in securities are pledged, and 167,303 million yen in securities are held in hand as of the consolidated interim balance sheet date.

- 37. Commitment line contracts on overdrafts and loans are agreements to lend to customers up to a prescribed amount, as long as there is no violation of any condition established in the contracts. The amount of unused commitments was 34,368,593 million yen, and the amount of unused commitments whose original contract terms are within one year or unconditionally cancelable at any time was 30,841,376 million ven. Since many of these commitments are expected to expire without being drawn upon, the total amount of unused commitments does not necessarily represent actual future cash flow requirements. Many of these commitments include clauses under which SMBC and other consolidated subsidiaries can reject an application from customers or reduce the contract amounts in the event that economic conditions change, SMBC and other consolidated subsidiaries need to secure claims, or other events occur. In addition, SMBC and other consolidated subsidiaries may request the customers to pledge collateral such as premises and securities at the time of the contracts, and take necessary measures such as monitoring the customers' financial positions, revising contracts when need arises and securing claims after contracts are made.
- 38. SMFG repurchased its own shares on November 2, 2004 pursuant to the resolution of the Board of Directors meeting held on September 30, 2004 as follows:
 - (1) Type of capital stock repurchased: SMFG's common stock
 - (2) Total number of shares repurchased: 400,805 shares
 - (3) Repurchase price: 668,000 yen per share (Total amount: 267,737,740,000 yen)
 - (4) Method of repurchase: Through ToSTNet-2 (closing price orders) of Tokyo Stock Exchange

Deposit Insurance Corporation of Japan announced that The Resolution and Collection Corporation (RCC) sold 401,705.31 shares of SMFG's common stock at 268,339,153,590 yen on November 2, 2004 (RCC converted 32,000 shares of preferred stock (type 1) worth 96,000 million yen and 105,000 shares of preferred stock (type 3) worth 105,000 million yen on September 30, 2004).

Notes to Consolidated Interim Statement of Income

- 1. Amounts less than one million yen have been omitted.
- 2. Net income per share is 9,119.40 yen.
- 3. Net income per share (diluted) is 5,245.69 yen.
- 4. Profits and losses on trading-purpose transactions are recognized on a trade date basis, and recorded as "Trading profits" and "Trading losses." Both accounts include interest received or paid during the interim term. The valuation differences of securities and money claims between the previous fiscal year-end and this interim term-end are recorded in the above-mentioned accounts. As for the derivatives, assuming that the settlement will be made in cash, the valuation differences between the previous fiscal year-end and this interim term-end are recorded in the above-mentioned accounts.
- 5. Standards for recognizing rental income on lease transactions and income/expenses on installment sales are as follows:
 - Recognition of lease-related income on lease transactions
 Primarily, lease-related income is recognized on a straight-line basis over the full term of the lease, based on the contractual amount of lease fees per month.
- (2) Recognition of income and expenses on installment salesPrimarily, installment-sales-related income and installment-sales-related expenses are recognized on a due-date basis over the full term of the installment sales.
- 6. "Other income" includes gains on sales of stocks and other securities of 65,914 million yen and gains on securities contributed to employee retirement benefit trusts of 75,275 million yen.
- 7. "Other expenses" includes transfer to reserve for possible loan losses of 165,267 million yen, write-off of loans of 391,236 million yen and losses on delinquent loans sold of 56,321 million yen.
- 8. "Extraordinary gains" consists of gains on disposal of premises and equipment of 2,185 million yen and collection of written-off claims of 485 million yen.
- 9. "Extraordinary losses" include amortized cost of unrecognized net transition obligation from initial application of the new accounting standard for employee retirement benefits of 8,938 million yen and losses on disposal of premises and equipment of 10,901 million yen.
- 10. With the implementation of the "Revision of the Local Tax Law" (Legislation No.9, 2003) on March 31, 2003, a part of the tax basis of enterprise taxes comprises "amount of added value" and "amount of capital" from the fiscal year commenced April 1, 2004. As a result, SMFG and its consolidated domestic subsidiaries calculate enterprise taxes based on "amount of added value" and "amount of capital" and they are included in "General and administrative expenses" from this interim term pursuant to "Practical Treatment for Presentation of External Based-Corporate Enterprise Taxes in the Statement of Income" (Accounting Standards Board, Practical Solution Report No.12).

CONSOLIDATED INTERIM STATEMENT OF CAPITAL SURPLUS AND RETAINED EARNINGS

Six months ended September 30, 2004	(Millions of yen)

(Notes)

1. Of the total net unrealized gains shown above, 22,199 million yen is included in this term's earnings because of the application of fair value hedge accounting.

2. Market value is calculated as follows:

Stocks

Average market price during one month before the interim term-end

Bonds and others Market price at the interim term-end

3. Other securities with market value are considered as impaired if the market value decreases materially below the acquisition cost and such decline is not considered as recoverable. The market value is recognized as the consolidated interim balance sheet amount and the amount of write-down is accounted for as valuation loss (impaired) for this interim term. Valuation loss for this interm term was 39 million yen. The rule for determining "material decline" is as follows and is based on the classification of issuing company under self-assessment of assets.

	Bankrupt/ Effectively bankrupt/ Potentially bankrupt issuers	: Market value is lower than acquisition cost.
	Issuers requiring caution	: Market value is 30% or more lower than acquisition cost.
	Normal issuers	: Market value is 50% or more lower than acquisition cost.
Ba	nkrupt issuers: Issuers that are legally bankrupt or formally dec	elared bankrupt

Effectively bankrupt issuers: Issuers that are not legally bankrupt but regarded as substantially bankrupt

Potentially bankrupt issuers: Issuers that are not bankrupt now, but are perceived to have a high risk of falling into bankruptcy Issuers requiring caution: Issuers that are identified for close monitoring

Normal issuers: Issuers other than the above four categories of issuers
